

28 September 2018

Dear Parents/Carers

Our new heating boiler is almost ready to go and so the new gas pipe is planned to be laid on Wednesday 3rd October 2008 – it is aimed for the work to be completed in one day but it may also run on to the next day too.

The installation of the new gas pipe will mean some disruption is inevitable. The road outside school is likely to be reduced to single lane, with traffic lights.

The Front/Main Entrance to school will be closed on the above dates. Parents/children will not be able to cross the front car park to access school.

Access to school for children/parents in year Groups 1 to 6 on the above dates will be via the gate on the playground near the Happy Kids Nursery.

EYFS – (Nursery & Reception Children) access will remain the same, using the side gate located near the Early Help Hub Building.

The Field Gate at the bottom of the field will remain unchanged.

Provision has been put in place to ensure School Dinners will be served as normal.

Staff have been asked to car share where possible, however where this is not possible, teachers will have to park on the nearby roads. Teachers/staff will of course park considerately, but apologies to the local residents for any inconvenience due to the increase of cars parked near your homes.

School will endeavor to keep the disruption to a minimum and to keep you informed of any changes to the above.

Yours sincerely

Principal
