

17<sup>th</sup> October 2018

Dear Parents/Guardians

As part of our academy topic on the Americas and living things, Year 6 intend to hold a 'Keen to Be Green' event on Friday, 19<sup>th</sup> October 2018.

The children have already learnt about the possible causes of climate change and the devastating impact that it is having on our world and in particular different animals from the Americas. This week, we will take our studies one step further by asking the children to work in small groups to nominate an animal that they would like to adopt and research the reasons about why it would be best to choose that particular animal. They will then present their 'bid' to support their chosen animal in a Dragons' Den style presentation.

We would like all children in class 6 to donate £1.00. The money raised from your donations for the 'Keen to Be Green' event will then be used to adopt the animal of the team of children who win the Dragon's Den!

We realise that this is incredibly short notice but if any parent/guardian can spare an hour of their time to be one of our 'Dragons', it would be really appreciated! Please let Mr Bower know as soon as possible if you are able to help.

Many thanks

Mr Bower
