

17th Sept 2018

Dear Parents and Carers

Changes to Data Protection Law

You may be aware that in May, the rules around data protection changed. The 'General Data Protection Regulation' (GDPR) will change how we can use your personal data and keep it safe, and will also strengthen your rights over your own data.

We wrote to you in May asking you to complete the attached forms. As yet we have not had a response back from you. Please could you complete and return to the office tomorrow morning (18th September).

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make a few changes at the school in order to ensure we remain compliant.

One of these changes is that we have updated our privacy notice. We have attached a copy of the revised Privacy Notice for your information, it is also available on the academy's website.

As part of our work to comply with the GDPR, we are also re-seeking consent for using photographs or videos of your child on our website, internal displays or other academy materials. We have enclosed this form along with our Photography Policy.

The information in this form will be used throughout your child's time at academy. You may withdraw your consent at any time by contacting the academy office. We know that parents/carers greatly value the use of Twitter feeds from the academy to keep up with academy life and activities your children have been involved in. We are keen to ensure that we are able to continue this in the future by receiving your consent.

If you have any questions about how the GDPR affects you, or how our school is preparing, you can contact either myself or the academy office.

Yours faithfully

Karen Wakefield
Principal
